

Calling 6th – 12th Grade Teachers!

**Washington Aerospace Scholars (WAS)
is seeking certified and pre-certified
teachers in Washington State.**

WAS is an online distance learning course and summer residency specifically designed for high school juniors interested in pursuing science, technology, engineering and math (STEM) pathways through the exploration of space and space travel.

Teachers will:

- Help evaluate online student work from October through March
- Participate as an academic facilitator for one week during summer
- Interact with professionals working in STEM fields
- Tour engineering and research facilities not open to the general public
- Work with highly engaged and motivated students
- Learn new techniques for demonstrating STEM concepts in their classrooms.

Benefits:

- Stipend of up to \$4,000
- STEM clock hours
