

# NASA Expert Talk

## Dr. Justin Filiberto

Deputy Division Chief of Astromaterials Research and Exploration Science

Dr. Justin Filiberto is Deputy Division Chief of ARES at NASA's Johnson Space Center and also a planetary petrologist studying volcanic rocks within our solar system. His presentation will share fun facts about me and details about Venus exploration and his involvement in the Deep Atmosphere Venus Investigation of Noble gases, Chemistry, and Imaging (DAVINCI) probe mission to Venus, which is scheduled to launch in 2031.

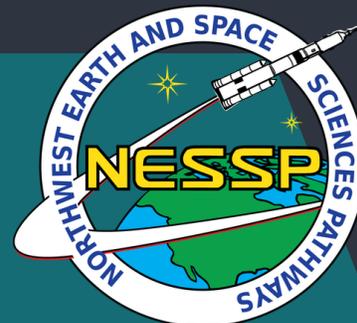

**Q&A will follow presentation!**
